In the new thirty foot class, which was organized by several well-known Corinthian sallors, excellent sport may be expected. Twelve of this class are being constructed by the Herreshofts, Wintringham has designed one for J. All clubs, with the single exception of the New York Yacht Club, have offered prizes for these boats, and if the rules of that club are amended to admit boats of ten tons, instead of having fifteen tons as the minimum, as was proposed by Secretary J.
